Terms of Sale

The following terms and conditions constitute a sales contract between the Buyer and Seller regarding the puppy described above. These terms and conditions are entered into and agreed upon by both the Buyer and the Seller, and they acknowledge the moral and legal worth of this contract. This Agreement is made for the mutual benefit and protection of the Buyer and Seller, for the protection of the named dog, and for the protection and preservation of the Labrador Retriever breed.

1. The Labrador Puppy is purchased for the price of \$ _____ payable in full by 7 weeks. (Buyer Initials _____)
2. Buyer hereby agrees to use the prefix Gochee's preceding the AKC registered name. (Buyer Initials _____)
3. Seller agrees the puppies are not affected by CNM, EIC. Buyer understands this is NOT a guarantee you will never have other health issues with your dog. There are an unending number of health issues that could affect your puppy over the course of its life. No additional health guarantee is expressed or implied. (Buyer's Initials _____)
4. Buyer understands there is no guarantee on undescended testicles, umbilical hernias, proper bite, size, temperament, trainability, color, weight, size or shedding factor. (Buyer's Initials _____)
5. The buyer understands the seller has taken all precautions and done everything possible to prevent the following conditions from occurring: coccidiosis, giardia, parasites, mites, UTI's, ear infections, diarrhea, or any other bacterial infections. These are all treatable and are not reasons to warrant a return or exchange. The breeder is not responsible to cover the cost of any vet bills or expenses. (Buyer's Initials _____)

6. The Seller warrants that as of today, the puppy appears to be free from any communicable diseases, is in apparent good health, and is free from any wounds or injuries except as may be noted herein: _____.
7. Puppy has had its first set of vaccinations, has been de-wormed and microchipped. (Buyer's Initials. _____)
8. Research shows how diet and the lack of appropriate nutrients contribute to multiple disorders and diseases such as: hip dysplasia, allergies, arthritis, cataracts, skin, cancer, coat problems, stroke, heart disease, etc. Low quality dog food lacks nutrients and causes many health problems. (Buyer's Initials. _____)
9. Buyer agrees to **schedule a 9-week wellness check by a licensed veterinarian, at Buyer's expense, within 7 days.** Should the vet certify that the dog is ill or unsound, Seller must be advised of all findings the same day they are discovered. Vet will provide official lab reports and genetic tests to Seller in this event. If laboratory or genetic tests prove the puppy to be ill or unsound, buyer may elect to return the puppy for a refund. The Buyer is responsible for all costs involved in returning the puppy. This is a wellness check, not a vaccine visit. (Buyer's Initials _____)
10. Buyer agrees to **keep this dog's vaccinations and heartworm current, as recommended by a licensed veterinarian. BE AWARE:** Popular flea and tick treatments are causing serious health issues in dogs. Credel, Bravecto, Simparica, Nexgard all contain active isoxazoline, which the FDA warns causes skin issues, allergies, tremors & seizures, loss of appetite, diarrhea, lethargy, etc. Chemical lawn treatments are also causing these same health issues. In spite of the warnings, there have been no ingredient changes and these products continue to be highly recommended. Some dogs have immediate reactions and some take months for toxins to build up before symptoms appear. **We recommend FLEA FREE for protection against fleas, ticks, mosquitoes, mites, & flies.** (Buyer's Initials _____)
11. Buyer agrees that **this dog may never be sold, given away, placed in a shelter, euthanized as a means of disposal or transfer ownership except back to the seller, in forfeit of the purchase price, in which case the dog's original AKC certificate shall accompany the dog, signed over to the Seller as the sole owner of the dog.** Any other transfer of this dog without the Seller's written permission shall constitute a material breach of this Sales Agreement. (Buyer's Initials _____)
12. Buyer agrees that **the dog will live as a member of the family, be free of abuse and neglect and never be allowed to roam unsupervised.** Labrador Retrievers are a very sociable breed and must be provided daily interaction and exercise with family members. (Buyer's Initials _____)
13. This puppy has been fitted with a micro-chip by the Breeder. **Buyer agrees to keep microchip information up-to-date.** You will receive an email when we transfer the microchip to you. Buyer agrees to respond to that email and accept the transfer. This ensures you get called, should your pet wander from home. (Buyer's Initials _____)
14. Buyer agrees to maintain preventative healthcare of this dog in regards to hip dysplasia. **Hip dysplasia has 5 major causes: genetics, early spay/neutering, poor diet, over-feeding and too much exercise at a young age.** Buyer understands that growing puppies are at risk of growth plate and hip injury from strenuous activity. Buyer agrees to refrain from prolonged exercise of puppy on hard surfaces for the first 18 months of the puppy's life. Buyer understands hips are not guaranteed since too many outside factors influence and increase the risk of development. (Buyer's Initials _____)
15. The Seller will provide the Buyer with a 3-generation pedigree for Sire and Dam. (Buyer's Initials _____)
16. This puppy is being sold with limited AKC registration. Buyer may request full AKC registration with breeding rights after the puppy is 2-years-old and has OFA Hips or PennHip, OFA Elbows, OFA Eyes, OFA Basic or Advanced Cardiac & DNA testing completed. Puppy must also earn at least one title - this could be as simple as dock diving, CGC, etc. Higher level titles are preferred. Buyer agrees not to breed the dog until full registration is approved. 17. Buyer agrees that should they decide to breed the dog:
- This dog will NOT be bred to a dog that has not passed OFA hip, elbow, eye & DNA health testing. (Buyer's Initials _____)
